

# Micromarker

Pocket-sized tool for identification and inspection stamping

- Ideal for inspection stamping and centre punching applications
- Choose from a range of interchangeable inserts: numbers, letters and symbols
- Micromarker is supplied with a centre punch
- 2.5mm high character height
- No air or electricity required

Micromarkers are portable, lightweight and incredibly durable as they are point hardened and tempered to withstand impact with the material being marked.

The impact force is adjustable, from 5 to 50kg, allowing you to change the pressure for varying hardness of materials being marked.

Supplied with a centre punch, number, letter and symbol inserts are ordered separately.

Micromarker and Inserts	Product Code
Single Micromarker with centre punch	MMS
Single Number Insert	MMT25 (Char) e.g. MMT25(1)
Single Letter Insert	MMT25 (Char) e.g. MMT25(A)
