

Safety Grips

Pryor Safety Grips are designed to enable a hard blow to be struck by hand and hammer whilst reducing the risk of injuring the hands of the users.

Both options of Pryor Safety Grip are suitable for use with all Pryor Hand Stamps, namely

- Steel Hand Stamps
- Steel Hand Stamps in Reverse
- Heavy Duty Steel Hand Stamps
- Lowstress Steel Hand Stamps
- Steel Stamp Symbols
- CE Marking Stamps
- Cyrillic Steel Stamps
- Scandinavian Steel Stamps

In addition, the Economy Grip is suitable for use with Steel Type Holders and Manual Numberers used by hand and hammer.

Overview

Punch Safety Grips are designed to enable a hard blow to be struck by hand and hammer whilst minimising any risk of injury to the users. They not only protect the user, but ensure a crisp, even mark. Pryor Safety Grips are a necessity in manual marking.

Heavy Duty Grip

Hard wearing cast body offering a very long service life. Spring loaded pin for quick load and release of the stamp making this a perfect for quick stamp changes

Economy Grip

The Economy Safety Grip is a low cost alternative, ergonomically designed to match the shape of the human hand, creating a comfortable and firm hold. This lightweight grip also has a vibration absorbing handle, providing users with smooth control. The nylon fabric strap with rubberised high-grip surface can be easily set by simple adjustment of the dial.

Only the Economy Safety Grip is suitable for use with Steel Type Holders and Manual Numberers

- Minimises risk of injury
- Allows a controlled and confident strike assisting the operator in making a good clear mark
- Choice of 2 different Safety Grips to suit your application and budget requirements

Our Solutions

- Traceability Software & Data Capture
- Automated Part Marking
- Aerospace Marking Standards
- Automotive VIN Marking
- Hand Tools for Marking & Identification
- Serial Number Marking
- Logo Marking
- Production Data Monitoring
