

## Steel Type Hand Holders

Type Holders for use with Steel Type are available for use by hand and hammer application or for faster throughput Machine Holders are available for Press marking.

Each style offers a wide choice of one and multi-line options with various capacities to suit all Type sizes.

Type Holders are designed to provide accurate Type location and positive locking combined with ease of use and durability. The Steel Type is secured in place by means of a grub screw (Allen key supplied).

Check the Holder Compatibility & Capacity Chart in Technical Data for options available.

Check the Measurement Guide in the Downloads tab below to see Pryor, Imperial and Euro Type sizes.

### Overview

Hand Holders are a comprehensive range of one piece units with varying slot sizes to give choice of inscription length.

Economy Safety Grip available as an accessory to work with Hand Holders allows the user to make a controlled and confident strike by keeping the fingers at a safe distance, reducing the risk of injury and assisting in making a good quality mark.

Hand Holders for the larger Type sizes of 6.0mm and 10.0mm Type are designed with a retaining pin that fits through the groove in the steel type pieces for added user security. The Safety Type Holder is available for the large Type sizes 6.0mm and 10mm. An extended handle keeps the hammer a safe distance away from the fingers of the user and also assists the user to make a more controlled and confident strike for a good quality mark. Contact us to enquire about this service.

Technical Data shows the options available.

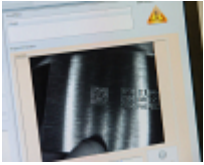

Safety note: As with all striking tools, we recommend the use of appropriate safety protection. Safety glasses and gloves should be worn at all times

- Produced from the best steel grades for long life.
- Easy assembly
- Manual or Machine use
- Optimised to highest safety standards

- Traceability Software & Data Capture
- Automated Part Marking
- Aerospace Marking Standards
- Automotive VIN Marking
- Hand Tools for Marking & Identification
- Serial Number Marking
- Logo Marking
- Production Data Monitoring
